CAREER GOALS

Apply programming skills to develop applications. Join learning, learn about new technologies to hone basic knowledge.

SKILL

Team work

English

Self learning

C++

Java

Python

C

HOBBY

- Book
- Movie
- Football
- Volleyball

EDUCATION

FPT UNIVERSITY   **2018 - 2022**
Software Engineering

ACHIEVEMENTS

FPT UNIVERSITY LABORATORY   **2019 - HIỆN TẠI**
Researcher

-Participating in research, building a some of CNN, NLP models, now I having a certain understanding of AI models and the ability to find, read and understand English documents

FPT UNIVERSITY LABORATORY   **2019 - HIỆN TẠI**
Developer

Building a natural language processing model applied to duplicate detection and auto generate questions for FPT University, Hanoi, base on BERT, ALBERT model

CERTIFICATE

-Have a public paper about Accelerating Exemplar-based Image   **2020**
Inpainting with GPU and CUDA-
https://camps.aptaracorp.com/ACM_PMS/PMS/ACM/ICSCA2021/28/44940a46-
872d-11eb-8d84-166a08e17233/OUT/ICSCA2021-28.html?
fbclid=IwAR3USW5704RMVpbR0t7InTNZrv6_4a39id-
9JjURopFVfALyxALyeC7XhNg
-English Summit 2

MORE INFORMATION

-Have experience working on multiple types of code : Java, Python, Go, C++, C#,C
